

2587 - Medium Duty PVC MEDUSA Suction & Delivery Hose

This is a medium duty water suction and delivery hose with an olive-green PVC abrasion and ozone resistant tube and a shock resistant grid reinforcement.

The tubing is highly durable and weather resistant with good resistance to abrasion and good crush and kink resistance.

Designed for use in a variety of industries including agriculture and construction. This hose is ideal for waste management applications and suited for slurry, sewage, dirty water, river and sea water and general suction and discharge applications. Also ozone resistant and is suitable for most chemicals.

Technical Specifications

Tube	Smooth bore olive green PVC, abrasion & ozone resistant
Cover	Green PVC
Reinforcement	White shock resistant rigid PVC
Temperature Range	-10°C to +55°C
Safety Factor	3 x working pressure
Application	Medium duty suction and delivery of water and liquids.
