

5938 – Crush Proof Exhaust Ducting

This is a lightweight a crush-proof ducting hose for exhaust suction. The tube is a TPK impregnated polyester fabric with great resistance to oil fuel and abrasion

Technical Specifications

Cover	Abrasion and oil fuel resistant TPK impregnated polyester fabric
Reinforcement	Crush and heat resistant nylon spiral
Temperature Range	-40°C to +150°C
Application	Lightweight and crushproof ducting hose for exhaust suction in connection with hose rolls on systems or overfloor systems

Product Table

ID		Vacuum	Bend Radius	Weight	Max Coil
mm	inch	M.H2O	mm	kg/m	Metres
